Hi Andy,

Just wanted to drop you a note to thank you very much for all your assistance in coordinating the recent trip to visit with the folks at Meijer in Grand Rapids Michigan. Your professionalism and humor in detailing the trip from start to finish was a blessing and very much appreciated.

We were also blessed to have great weather that day and the flights from Cleveland were smooth and trouble free. And your driver, Jack was so helpful and an excellent guide to those who were visiting Grand Rapids for the first time and since the flights had arrived a bit early – he offered to give a little tour of the beautiful city before the meeting. When my boss returned home she was bubbling over with happiness about the whole trip and how your limo service and beautiful vehicle added the perfect touch to the day.

The next time we plan a visit to Grand Rapids you can be sure that you will be contacted to assist with our plans.

Keep up the good work!

Thank you very much,

Pat Malnar
